

4-9 = 5al is srt clearing ground to aimed - Provision
 of building materials - vs 1-3 Individual growth
 vs 4-9 = Corporate growth a progressive incorporation
 into spiritual household of X, a Present Process.
How? "coming to X" - Pres. Dant - daily habit of Xian Jif
 we have never reached a point beyond which no closer
 union w/ X is possible. Build in 3 directions

I - Built up - When we come to X we are joined to X &
all joined to one another - vs 9 - all corporate terms.
 2 - we stone do not lie about loosely, Xian is a community,
 - first true place when in edifice. no pre-level of Xians.
 3 - as long as brick lies by itself, useless. It becomes useful
 only when joined by other bricks in a building. That's why it
 was made. - no disembodied Xians
 4 - God's Chosen Sanctuary is his People - we can worship
 of everywhere - we are Sanctuary, not a building. all gym.
 - means our daily work, an act of worship

II - Built in - character, nature of church. From pig
 sty to royal palace - riches to riches - a success story
 1 - Likeness to X - stone & stone - share in his nature
 of Cor 3:18 - changed into same image; there is scarcely a
 single name by which N.T. calls X which X does not share w/ us
 2 - unlikeness to world - But ye = emphatic contrast
 Holy - Chosen to be different from other men - difference
 lies in fact he is dedicated to God's will & service.
 - Don't start in Xian life if not willing to be different
 3 - Beulah - presence of God = special - "to make around"
 to make something then surround it w/ circle
 value of a thing lies in who has owned it -
 Brownings hair, Dalton's gun
 Publish = speak

III - Built out - vs 9 unadvised testimony
 Can't be what Peter describes & keep silent,
 of world compared this in us, we'd publish
 let every where - when God does it = silent
