

Taylor  
one member of body isn't to say - "I have  
no need of thee." How to release love &  
Submission in the body X - just say - "I have  
~~no need of thee~~ need of thee"

- what if many members - only one brain.

What if every member of body had a brain?  
What's wrong w/ Church? we've been listening  
to the brains in the toes, fingers etc instead  
of the brain in the head.

### Raventhill

- Jesus coming for the Bride, not a widow!

- The last great revival will bypass preachers, etc =  
"in the last days I will pour out my spirit on my  
servants & handmaidens."

- Two ways to read the word = By Education &  
By Revelation

- acts 6 = Two things a preacher  
supposed to do

- Long services Acts 5 - Ananias died & 3 hours  
later Sapphira came in, service was still going on!

- Church built like a tent w/ one center pole,  
remove it & it falls - but what if 25 poles  
holding up tent -

The ministry should be distributed  
among the deacons!
