

last section, Things to be Thankful for -
this: Things Worth Praying For

"to pray & to desire" we pray because we ^{pray out of} desire
desire - Prayer is the expression of desire = ^{strong} desire
Prayer should be ~~particular~~ particular = Desire
" " " ~~personal~~ personal persistent = "can not"

what if said the same things over & over to wife - well, God is a Person!!
spiritual understanding = a spiritual experience

I - Filled w/ knowledge of His Will

Every rev. of God is a law. He doesn't show himself to us merely that we may know, but in order that we may do - may be = man know God's will. But here is not a question? Does it work? - Does it become an active force in our lives?
2. Knowledge that leads to action

II - walk worthy

III - Good works = measured by source & end
"only me good" Good work is God work - originates within an eternal end
① Good work of faith ② Good work of flesh
The earnestness of our prayer for others is a day test of our devotion to God & love for man - Plenty people talk now, find it hard to pray.

we don't have to persuade God to make His will known. all we need is to make it possible.
