1 - Mars fellowship with D -

- (1) meaning of fellowship (2) founded on Gospel
- (3) Divine sharing - Prodigal Son. (4) Demands Holiness - "D like us, we share His eye."
- (5) Soul communion between two people

- (6) Adam tested - life - if live in fellowship with D become like him. ^{no longer share}

2. Breaks fellowship with the brothers

- (1) Saint's fellowship grows out of fellowship with D. D is power that binds us together
- (2) Church - not an organization, a fellowship. Sin disrupts, alienates from one another
- (3) Fellowship with D proves itself by fellowship with one another.

II What Should A Xian Do?

- 1 - Admit existence of sin. Believe ourselves, not those who know us.
→ "I see no sin - "walking in darkness, come to life."

- 2 - Confess to D. Opened, specific
(1) D keeps promise of Calvary
