

Style of spirit (sin is an inside job) ...
 The Tempter - outside reference to sin
 The Temptation forces operation in society opposed to civilization minus it

Key: Cooperation of our nature 5:25

Flesh - the tempted = human nature w/out O - fallen - one tendency to sin

an inside job - well up that entrance - the vulnerable spot, the bridgehead - Text, Gal 5:16 - The Holy Spirit = Basic Principle

total inability to do anything for myself in spiritual realm
 the lifestyle of the spirit

a certain conquest - v.16 - Fulfill = Reach it, goal, bring to fulfillment in action, attain at end = The flesh will assert itself but not attain its aim = to dominate your life

1- Two Co-existing natures v.17

2- Conflicting natures = contrary - lit: "lined up in conflict, free to pick up each other - "are adversaries" actual antagonism, no peaceful existence

3- Competing natures = "as ye cannot do..." Both want to dominate

4- Contradictory natures = to yield to one is to give him control - the will sides w/ the impulses of spirit or flesh

The Fight is Fixed! - you choose who does the fighting? The Spirit - there have been B in the Day

Submission to a person, not possession of rule
 Victory is an inside job - refusal to be found of our sufficiency

II - a Christ-like character = 22, 23 - def of fruit = O + man

1- a complete character = what could be added to list
 2- a consistent character = fruit is singular, a harmonious whole = O doesn't grade in the curve

3- a character = "against such there is no law" - don't need rules + regulations - Real leaves don't fall off trees - spirit planted a tree planted inside X man

III - a Continuing Cooperation - Crucifixion

1- acceptable to Him v.24 - "keeping in mind" crucified, let them remain crucified - O recognize as a fact Rom 6 & reckon by faith

2- available to Him (choose against self consent to death) absolute & appropriated

Cooperation

1 - Rejecting The Demands of The Flesh

"Realize, Let them remain dead

(1) Resisting self

(2) Repentance of sin

2 - Responding to the Direction of The Spirit

(1) He leads = takes initiative

(2) We follow = stay in line

Set free in X, yet each time Paul speaks of our freedom, he warns of losing it -

 Bondage of legalism 2; 5:1

 Bondage of license 5:13

How stay free? By Holy Spirit - The sacrifice of X sets us free, The Spirit of X keeps us free

5:25 = live & walk = we have been regenerated by the Spirit

Now our life must be regulated by the Spirit.
