

I returned to the dark and - to think & pray before noon  
meeting - again just the dim glow from exit light & stained glass windows.

But as my eye adjusted to dark, I made out pews, pulpit,  
hulking shapes, the organ — & someone else across the way -  
Someone else who escaped to the darkness - two — then a third.

We often think we are long in the darkness - Ezekiel 7, 10  
There are others - we'd note prayer meeting - 75% of 300 -

- It is true - Pro 139 - The note - no day are the same —  
& He is the same - "I change not," - If it was good  
~~last year~~ yesterday, He is good today. If He was there  
yesterday He is there today - "In the light or in  
the dark - I am the Lord, I change not."
