Read this book

Exodus differs from Genesis: Gen. book of universal history,  
& full of personal biographies.

Exodus is wholly taken up w/ history of Israel, & only  
biographical sketch is Moses.

→ The great burden of the book is the object-lesson  
given in the Passover - of Redemption by Blood.  
There is throughout a clear division made between  
Egypt & Israel

Passover = key word - a three-fold significance.

① A pass over the blood-sprinkled houses -

② Men He caused to pass over, or be ~~set~~ set apart  
to Himself, all first-born 13:12, margin

③ He made Israel to pass over the Red Sea - 15:16

The 10 plagues are judgments against the gods  
of Egypt 12:12 -
