

Moses was in the will of G. The point brought most
often comes when we encounter failure: where did I go
wrong? - I must have messed G. what did I do wrong?
Nothing - G led them right to march - ^{a new church but} it is better!
1 - to prove us - test to see if we learned to trust
on the everyday necessities of life, not in the Red Sea,
2 - to Prune us = The statutes = The complaining
3 - to Prepare us = for greater battles & equip us, to
make us Travel worthy.

II. The Greatest Services of Life often followed
By Forgetfulness - X: one minute ready to
crown him king, next to stone him -
The crowd that crowd "Hosanna" a
few days later cried, "Crucify him."

- 1 - Don't take it personally
- 2 - Don't take it out on people - more restraint
- 3 - Take it to the Lord = cry unto the Lord
G He should hear a tree

Both Moses & God's services

Either complain to Moses or cry to Lord

III. The Greatest Shortages of Life followed

By Fidelity = 12 springs - 12 tubs of milk

- the can followed; no water in
- history of revival = at darkest moments -
- They didn't stay at Elim = moved on &
the same cycle was repeated.

Bill's Church - 12 yrs G brought them to Elim.

- 1 - an irregular way
- 2 - a usual thing at hand

when I entered this ministry a year ago — I
had had 9 wonderful years as pastor of M.B.C. —
I knew I was leading into new work — but
first few weeks — were failure — dead,
unresponsive — began to question my
decision.
