Summary, in a nutshell

Standard of Spirituality

- 1 - Essence is love to D & love to man =
false standards - spiritual status symbols -
see Russell's Brotherhood - like want every member
of body to be a thumb or toe, chair, drum,
Postcard
- 2 - Only D can Judge = if a thing is done out of love
for D - see X w/ Peter after Resurrection -
"Lovest thou me?" - Peter "what is John going to do?"
X - "Mind your own business" -

3 - Free us = all I need to be concerned about is
love to D = def = the outgoing of my whole nature in
reverent devotion = relating my whole life to D's
for & man's good.

Not - Did I pray enough, read Bible enough, visit enough -

4 - Love is to be from Total personality = heart
soul, mind = all of climbing a fence - a partial
devotion results in a divided life

5 - Love is to be w/ a whole - not all - differences
between Quality & Quantity = all old Test. Sacrifice
had to be whole - w/out blemish or imperfection

6 - To Fail here is to commit the great & created
Sin.

How to love = Know X
