

WHY OUR CIVILIZATION IS COLLAPSING

Text: Micah 3:12

INTRO: Are our days numbered? Traveling at breakneck speed on collision course and the brakes are out.

In '68 when Kennedy assassinated, Pres. Johnson assured us we were not a sick nation then appointed a ten man commission to study and find out what's wrong with America. That's treating the symptoms while denying the illness.

STUDY HISTORY OF NATIONS: three characteristics: (1) Every nation, no matter how pure its inception, has always gone corrupt.

(2) When this spiritual decay set in, the majority of the people were totally unaware of what was happening -- and those who were aware of it, were indifferent to it.

(3) The forces that caused the collapse of every nation have been similar. The same forces that caused downfall of Rome working today.

This are alarming characteristics and are true of this country and civilization.

THE ONLY THING WE LEARN FROM HISTORY IS THAT WE DON'T LEARN FROM HISTORY.

The human race keeps making the same mistakes over and over.

Micah 3 is extremely relevant -- a message from God thru the prophet to the nation. Israel's inception was the purest and produced the most ethical nation and religion the world has ever witnessed. None ever fell so low. If it can happen to them, how much more to us.

PAUL in Romans 15 tells us that the things that happened to Israel are written for our admonition.
