

Phil 3:7-15 = X, the Pursuit of Life

I - To Know the Person of X -

II - To Know the Power of His Resurrection

Come to know in an experimental way - to experience the same power that raised X from the dead, surging through his own being, overcoming in his life + producing X-believers

III - To Know the Partnership of His Suffering

1 - What it means = a partner in his suffering -  
Very few of us know this - the soul agony over lost that cries "I could wish myself accused for X"  
- daily taking up my cross

2 - How this is experienced = "being made impermeable to life's death".

How = 1 - Total abandonment of all things  
2 - Total absorption in one thing  
This is power in concentration
