

Prayer is the divinely appointed means
of fulfilling the purpose of God. It is
cooperating w/ the intention

1- Prayer is founded on the promise,
God - a discovery of His intention.

- main part is to cooperate w/ God in
His work - we are trying to get God to
cooperate w/ us. trying to get God
to believe in us.

- Our viewpoint is backward

{ Prayer wants for the revelation of God
we operate on the basis of our philosophy
of Him service & endeavor

- Col 1:29 = working out what God wishes in.

- 1 Th 5:14 = according to His will = means
there must be first a revelation that
will

How does His Word come to us? The Elijah =
waiting upon God.

God reveals Himself to a believing heart - that
believes God is alive & active & able

- ~~the~~ most of us are so dull of hearing w/ unbelieving
God can't speak to us.
