

Jsa 59:10, 11 - Notes: 5 Xian leaders: recently, gone  
Thru a dark mtg, soul - no feeling, doubts,  
depression = an inevitable experience  
Every Xian Text: "deep darkness w/out  
even a glimmer of light to guide them"

lit = darkness: Profound - absence of lit.  
Lit can see where are, where going, read  
the road signs, know what lies in your path  
Times when that lit is withdrawn = what to do?

I - Keep Walking - The first reaction is to  
stop till lit. "Walk in darkness..."

① Prayer ② witnessing ③ tithing ④ living  
This is phrased as a characteristic of D's  
people: They are people who keep walking in the  
dark

II. Don't light your own fire vs " -  
Man-made attempts to "help the Lord" - make up  
deficiencies of God's provision.

1 - Because the darkness is ordained of D = lit:  
absence of dark = lit doesn't run from darkness =  
lit has been removed.  
"Evening & morning were first day" the Nite is as much  
creation of D as lit.

2. Because man-made lit is deceptive &  
dangerous - "lie down in sorrow" - From D's  
own hand - most Xian failure how come  
from walking in own lit
