

Heart fixed = heart the control center
of human personality - a fixed heart
means a stable life -
- see Jacob to Reuben - Gen 49:3, 4

Faith:

r. the meaning = rely upon, confidence
in O's Power, goodness & wisdom.

s. a passive state following a decisive
action. It is something done ahead of time -
not an emergency.

- a house is built w/ many bricks, not
just one big one - & the life is built up
many small acts of trust

In v. 7 the resemblance of the gold to O comes very beautifully
to the surface - 111:7 deals w/ O's commandments as
"trustworthy". The human parallel is an established heart.
111:8, 112:8 - the heart that leans upon the established
commandments is established by them.

Who is this man = this is just one of his
traits. It is part of the whole - it is part of the
total life - "Can't there be made whole?"
Healed but not Holy
