PRAY FOR BILLY GRAHAM CRUSADE

PASTOR'S CORNER

OUR PRAYER — A SECOND TOUCH

For several weeks we've been praying that God would give us a "second touch," a new wave of Revival that would make the last year and a half seem "dull and monotonous."

"Being confident of this very thing, that he which hath begun a good work in you will finish it until the day of Jesus Christ." Phil. 1:6

THE DEEPER LIFE VERUS EVANGELISM

More than one preacher has warned me of emphasizing the "Abundant Life." It kills, they claim, the people's incentive for witnessing.

If the DEEPER LIFE doesn't result in EVANGELISM it isn't the DEEPER LIFE!

The Deeper Life of the Abundant Life or whatever tag you give it, is the Spirit-Filled Life and in John 7, Jesus said the Spirit's fullness will produce "RIVERS OF LIVING WATER" that FLOW OUT OF US!

If there is no outflow there is no infilling. If all you do is soak it up without squeezing it out, you're soaking up the wrong thing.

The mighty surge of witnessing among our members proves they have "the real thing." Three of those saved last Sunday morning were witnessed to outside the four walls of this church.

I thank God daily for the many who have discovered the Abundant Life in Jesus and for the overflow that spills and splashes onto others.

Would you believe? One of our members just phoned to tell me about a woman who was saved yesterday through her witness. That's what I'm talking about! That's squeezing out what you soaked up; that's the result of the true Abundant Life.

BILLY GRAHAM CRUSADE ALMOST HERE.

I hope you've already begun inviting your lost friends to the Crusade. You'll find that people you couldn't get to come to church WILL attend a Crusade like this. What if they do come just out of curiosity. Remember Zaccheus?

VICTORIOUS CHRISTIAN LIVING . . .

is the new Pastor's Class. This Sunday evening we will study the PROBLEMS TO THE VICTORIOUS LIFE. There are some obstacles standing in the path and we need to be aware of them. We'll meet at 5:30 in Fellowship Hall.

September 24, 25 — Men's Retreat, Highland Baptist Church in Waco.

October 9—Youth Retreat, Mt. Lebanon Encampment

October 22, 23 — Married Young Couples Retreat, Castle Hills Baptist Church, San Antonio

In these meetings I've been asked to share God's Doings with MBBC and the Spirit-Filled Life. Refreshing breezes of Real Revival are blowing everywhere and I covet your intercessory prayer support as I share Jesus with others whom God is making hungry.

Beginning with our new year. This class is designed to meet the needs of those couples who feel they can study God's Word better together. Some have come to our church having been in couples' class and desire to continue in such a class. And others feel that their spouse would come more faithfully to such a class.

The intent of the Class is not to have large numbers leaving their present segregated classes; it is primarily for those who are not now attending a Sunday School Class. Pre-enrollment for the Class will begin Sunday, September 19.

Mr. Don LaMar will be teaching the class and his wife, Pat, will serve as assistant and outreach leader. I know of no one more capable than the LaMars for such a class.

ADULTS ONLY BANQUET OCTOBER 1. MBBC will have its first banquet limited to adults the first day of October this year. Its primary purpose is adult fellowship. It's not a stewardship banquet and it's not a leadership banquet. It's for all adults of MBBC.

Mark this date on your calendar now. Reservations can be made in the near future.

DEVIL'S TOWER

Rising almost 1300 feet above the Belle Fourche River in northeastern Wyoming, Devil's Tower looks much like the gigantic stump of some petrified tree. This mysterious-looking formation is actually the remnant of an extinct volcano.

Devil's Tower is especially spectacular in that it is so symmetrical and that it is composed of vertical columns with anywhere from three to eight sides. At the top of the tower, the ends of the columns form a pattern that looks like the cracks that form in mud as it dries. When lava cools under certain conditions, it shrinks and cracks in the same manner as mud.
