

Didn't know Dr. Bue - not important - known to Dr. Baptist - not important. Dr. looks in man's heart - lies in hands of a just Dr. -
asked about him: friendly, kind, generous - paying bills -
considerate of others - do anything for you - loved life -

Adam: expressed desire to know Dr. - trust him -
→ I didn't know him; doesn't matter, for these services are
for living - to instruct, remind, comfort - Jesus = "weep not for
why? tragedy - not an answer we could understand,
but a Dr. we can trust. (Silence met Job = "Thou wilt slay
me, yet wilt I serve Him.")

Death is a tremendous teacher - teaches us true values
of life - no death, wouldn't appreciate life. No sickness,
wouldn't appreciate health.

Death keeps us from making 3 mistakes:

I Don't mistake Body for Soul 1. "Dust thou art -"
"appointed to die" - 2. all diamond in boy - 3. man is a
body with a soul; He a soul with a body 4. Soul is Dr's
breath, therefore eternal -

5. I'm glad - death is good - what if eternity increased in this
body subject to pain, etc. Take life in Garden of Eden.

6. Dr. Bue alive - as long as remembered, alive. But more
than that = Soul: more alive now than ever before, wiser
now than any scholar - ~~limit~~ "Redem" use wisely

II Don't mistake Time for Eternity 1. Gen. "and he died."

Saying, not all time in world 2. only one life, soon past -
Brevity of life = long wait, eternity 3. while solo sang, sears
died - Life hangs by a slender thread, may break at any moment.

4. Sidney Lanier Great So. Poet, lay dying - "I've a
1,000 unwritten songs in my heart," You too -

5. Purpose of time = Limit - "Redem" use wisely, spending it -
short supply - Prep. period for eternity. Take up in eternity
where we leave off in time. To prepare, Dr. gave us a Cross -
the life of Cross what do we say to death? - "where is sting?"
to grave? - "where is victory?"

III Don't mistake ourselves for Dr. 1. man who wrote
"Captain Jack, master of Soul," was wrong 2. we cannot add one
year to life. 3. In beginning Dr. = Jesus is begining end. all things
our existence is in his hands - control in hand

John Glenn - triple orbit - "few death," - "many year ago I made my will
and I'm not afraid."
